

**ASTROLOGY SITES AND OTHER AUTHORS**

Most of the individuals on this page are friends of mine, some of whom I have known for years. The organizations are ones with whom I have had some sort of association or with whom I know members.

	<p><a href="#"><u>Alice Portman Astrology</u></a></p>	<p>Alice is a long-time friend and one of Australia's most pioneering astrologers. Many articles on topics you don't otherwise see on astrology sites. Great resource!</p>
	<p><a href="#"><u>American Federation Of Astrologers</u></a></p>	<p>I got my certification from these guys all those years ago. They are out of Tempe, AZ and have been going since 1938. Books, media, software, tools, "Today's Astrologer" publication</p>
	<p><a href="#"><u>AstroScopeMe</u></a></p>	<p>Rob Tillett was the first person to put my articles online, some years before I even had a site. A scion of Adelaide, where I lived in Australia, Rob's site has a number of contributors in several areas of the grand old arts.</p>
	<p><a href="#"><u>Esoteric Astrologer</u></a></p>	<p>Phillip Lindsay's site. Another colleague and friend of mine. Articles, books, courses. The title says it all. Extensive material. Based in the Western esoteric tradition.</p>
	<p><a href="#"><u>Esoteric Technologies</u></a></p>	<p>The original developers of Solar Fire. Astrology software and services: Solar Fire, Imperial Astrologer, Solar Spark, , and more.</p>

They do a great service for the astrological community. Workshops, monthly meetings, the Southern Star monthly magazine, special guest speakers and more. Miss you guys!</p>
	<p><b><u>Makara.us</u></b></p>	<p>Michael Robbins' site, with his prodigious writings and recordings. A tremendous esoteric resource.</p>
<p>The Clear Light of Truth</p>	<p><b><u>Peter</u></b> <b><u>Tadd</u></b></p>	<p>Peter is a long-time friend. Clairvoyant, expert of chakras. Classes, healing sessions and much more. Quite a resource.</p>
	<p><b><u>The</u></b> <b><u>Planetary</u></b> <b><u>System</u></b></p>	<p>"Ideas, formulas and forms for a new culture/civilization." A cooperative effort by a number of authors in many areas of esoteric sciences. Emphasis on astrology, cycles, order, earth energies and more. European based.</p>
	<p><b><u>Seeing</u></b> <b><u>With</u></b> <b><u>Stars</u></b></p>	<p>My good friend Steph's site. She was one of the developers of Solar Fire (see Esotech, above). Articles, news and consults. She is based in Melbourne now. Focus on traditional astrology.</p>
