

MUNDANE DATA PAGE

The following are links to charts of events that I have examined over the years. This page is devoted to acts of civil unrest, most of which have violent outcomes. There is not much here at the moment, as I have not had cause to investigate too many of such events, but it is something that is 'on the menu' for me. The times listed are for the moment of dramatic change in the event. Almost all of the events listed have a known time to the minute, with the source being referenced on the chart, and with links to the articles by clicking on the time. This page is updated as I get more information, and will likely change month-by-month. Events are listed by alphabetically, rather than by date.
